LUNCHBOX IDEAS

Have you got a great lunchbox idea, handy hint or helpful suggestion that you would like to share with the Fairview Heights State School Community?

If so we would love to hear from you. All ideas/hints can be lodged either via an email to the prattle co-ordinator (pandcsecretary@fairheigss.eq.edu.au) or put into your child's tuckshop order and the lovely ladies at the tuckshop will pass them on for you to the P&C. If your idea is chosen to be published in the fortnightly Parent Prattle your child/children will receive a free iceblock from tuckshop.

Everyone loves a quick healthy lunch idea or a timesaving handy hint and what a great way to share yours with our great school community and what a great way for the kids to receive a free iceblock.

Student Protection

Risk Management Strategy

In order to ensure activities undertaken by the P&C meet legislative requirements associated with the protection of children and young people from harm, all volunteers engaging in any volunteer activity at the school must now sign a Volunteer Register at the commencement and conclusion of the activity.

The P&C is responsible for all volunteering activities undertaken by parents and other individuals within the school. This includes volunteering at the tuckshop, within a classroom, on an excursion or at sporting events etc.

A register will be available at the school office and Tuckshop. Please take the time to familiarise yourself with this document and ensure you sign the register when undertaking any volunteer activities.
