P&C ASSOCIATION

We welcome your attendance at our next meeting on the 9th June @ 7pm in the Library!

The benefits of joining the school's P & C

“Research shows that children perform better at school when their parents are involved in their education.”

Why join the P & C?

Actions always speak louder than words when it comes to valuing your child's learning. Joining the P&C is one of the best ways to show your children how much you value their education and how interested you are in what they do. By joining the P&C you are showing your children how committed you are to helping students and your school community.

What does a P & C do?

The P&C is about people – people just like you – parents, care givers and community minded people who want to help their school. You work very closely with your school, building a stronger school community, where all children benefit.

*The things you do make a real difference.
We look forward to having you as one of our
new members this month!*
