The Fairview Heights State School P&C Association would like to welcome all families to the 2013 school year.

The Association’s AGM will be held at 7.30pm on Tuesday 12 March 2013 in the staff room. All parents and other community members are welcome to come along and be part of our association.

Children do better when parents are involved

We all want the best for our children, and recent research has shown that students whose parents are actively involved with their education do better and are happier at school. You can show your children how much you value their education by being involved in the P&C. Your skills and hobbies could be put to great use and volunteering even a small amount of your time will benefit your own children and other children in the school community. You could also gain work experience and develop new skills.

Attending P&C functions provides an opportunity to network with the principal, teachers and other parents so that you can discuss the issues that concern you and share your ideas and experiences. P&C members suggest and implement positive changes at the school - and funds we raise have a lasting impact through building improvements and classroom "extras".
